

Recital Information
Aladdin/Lights Camera Action
Saturday, December 19th

The current restrictions are as follows (these are subject to change based on local, state and federal guidelines and are established by the Ag-Center - not by me):

1. Current Capacity is set at 100 people. This number includes all performers, backstage help, crew and audience.
2. All participants and spectators are required to wear masks and social distance. Audience members will be required to remain seated and not move about and socialize in the auditorium unless entering, exiting or going to the restroom - or they will be asked to leave. **They must properly wear a mask at all times, covering nose and mouth – no exceptions.**
3. Backstage crew and help **must properly wear a mask at all times covering nose and mouth – no exceptions.**
4. **Dancers must properly wear masks at all times (covering nose and mouth), however, they will be allowed to remove their masks right before they go on stage, perform , and then immediately put their masks back on as they leave the stage. All Dancers should bring a ziplock baggie with their name written on it so that masks are not cross contaminated when they remove them.**
5. Due to the current capacity restrictions, we will have to perform in groups (See attached schedules)
6. Each performance will be digitally recorded by our videographer and put together in a show format on DVD. This will allow for each group to have an audience present for their performances. (Digital Order Form provided in email)
7. Large group numbers/productions will be done separately and audience availability will be subject to the numbers of students we have in each of these groups.
8. The following areas are considered separate rooms with the specified capacity limits:
 - Dressing Rooms - 10 people each room (socially distanced and masked)
 - Lower Lobby - 59 people (socially distanced and masked)
 - Upper Lobby (area around entrances and concessions) - 10 people (socially distanced and masked)
 - Education Center - 17 people (socially distanced and masked)
 - Conference Room - 9 people (socially distanced and masked)

Dressing rooms will be assigned and given out the week of the show. Each dancer may only have 1 person to assist in costume changes – no exceptions.

Audience guest limits are shown on the recital day schedule. I am very sorry that we have to limit our guests, but in order to have our show this is what we must do. Tickets will be handed out to each dancer the week of the show. Back stage helpers will be wearing lanyards and audience members must have their ticket to enter.
